## Zinfandel Howell Mountain 2002

This “Howell Mountain” Zinfandel is our usual spicy Black-Sears vineyard offering with a slight twist. This Zinfandel possesses the unmistakable spice and black pepper nose of this vineyard, and by adding a dollop of Beatty Ranch Zinfandel, has added a brighter touch of red fruits for a more complex wine. This vintage is ripe and developed in the nose and lush across the palate.

The wine is made from mountain-grown fruit so nature intensifies the grape’s flavors. The wine is made so the fruit flavors come through and the tannins are softer. This makes for a very approachable wine that requires little or no aging yet will age nicely for several years gaining even more complexity.

### Wine Information
